Visit: ceg.envisionarlington.org

If you have one or more ideas to improve **ANY** aspect of community life in Arlington OR you are considering ways to **get involved** ...

The CEG can help **you** transform
your ideas into action.

What would you like to address?

Some Issues CEG has addressed:

- Encouraging youth involvement with Town Meeting Members (TMMs).
- Engaging with the Town and TMMs to strengthen connections with residents.
- Petitioning the Select Board to have informal meetings with residents.
- Working with the Town Manager to make Town Committee openings more visible and accessible to all residents.
- Protecting our environment, including addressing the impact of rodenticides on wildlife and pets.

Civic Engagement Group Mission:

We are community members who care deeply about equality and inclusion in Arlington. Through outreach and education we are committed to empowering and connecting the community, welcoming and embracing the diversity of voices, and generating greater participation in the life of the town.
